

BEST AVAILABLE COPY

**AMENDMENTS TO THE DRAWINGS**

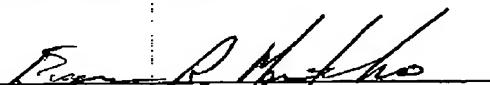

Please cancel the existing 27 pages of drawings and substitute there for the attached five (5) sheets of drawings.

**BEST AVAILABLE COPY****REMARKS**

Attorney wishes to thank Examiner Bui for assisting in what is a very confusing situation. I have reviewed the application transmittal sheet which indicated that there existed twenty seven (27) sheets of drawings. However, the present application specifically refers to only five (5) Figures, each on a separate sheet. Further, Attorney's file indicates only 5 sheets of drawings filed with the application.

Attorney can only surmise that when filed (a) 27 pages of drawings attributable to another application were submitted, and (b) the transmittal letter was in error. Attorney wishes to apologize for this error and respectfully submits that the subject matter disclosed in the drawings is supported by the specification and does not constitute new matter.

Respectfully submitted,  
Robert Irving McNeil, III et al.
